

COT 3502 Computer Model Formulation (Mathematical & Numerical Methods)
Fall 2020

Instructor: Spyros A. Svoronos

Phone: 352-378-1342

E-mail: svoronos@ufl.edu

E-mails must include a call-back phone number.

Without it, they may not receive a response.

Office Hours via Zoom: TBA, <https://ufl.zoom.us/j/6379945549>

Schedule: TR 1:55-3:50 PM, <https://ufl.zoom.us/j/97102627076> (Note that it is a different link)

Specific course information

Solutions of scientific and engineering problems using digital computers.

Formulation of models for describing physical processes, numerical analysis and computer programming.

Prerequisites: ECH 3023 and MAP 2302 and MAC 2313

Required Course

Specific goals for the course:

Specific outcomes of instruction

1. The students will be able to competently use Excel
2. The students will be able to program in Python
3. The students will be able to use Python code to interact with Excel
4. The students will be able to determine model parameters
5. The students will be able to use numerical methods to solve mathematical models.

Student outcomes (ABET) addressed by the course

Outcome (1): An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

Outcome (7): An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Course Topics:

1. Modeling
2. Linear and nonlinear regression
3. Introduction to programming and Excel manipulation using Python
4. Analytical solution of linear algebraic equations
5. Numerical solution of linear algebraic equations
6. Numerical solution of nonlinear algebraic equations
7. Numerical Integration
8. Numerical solution of linear and nonlinear ordinary differential equations

Required Text:

Automate the Boring Stuff with Python by Al Sweigart, no starch press

<https://automatetheboringstuff.com/>

Highly Recommended Texts:

Numerical Methods for Engineers **any edition** by Chapra & Canale, McGraw Hill
Python in Easy Steps any edition

Computer: Laptop computer running Windows and Excel is **required**

Attendance Policy:

Attendance is required. Excused absences must be consistent with university policies in the undergraduate catalog (<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>) and require appropriate documentation. Unexcused absences will significantly impact the class participation grade (see below).

Course Assessment:

1. Two evening exams weighing 27.5% each and a final exam weighing 30%.
Dates: Monday October 5 (6:15 PM), Monday November 9 (6:15PM), and Thursday December 17 (3:00-5:00 PM)
Reviews will take place before each exam: Friday October 2 (6:15 PM), Friday November 6 (6:15PM), and Thursday December 10 (3:00 PM)
2. Homework weighing 10%. Each homework problem will be graded in a scale from 0 to 3 with a 3 earned only for perfect answers.
3. Class participation weighing 5%.

Detailed Explanation of Grading:

1. For each student, Overall points are calculated as follows:

$$\text{Overall Points} = 0.275 * \text{Exam1Grade} + 0.275 * \text{Exam2Grade} + 0.30 * \text{Exam3Grade} + 0.10 * \text{HomeworkGrade} + 0.05 * \text{ClassParticipationGrade}$$

where

- Exam grades are 0-100
- HomeworkGrade = (Total homework points earned)/(maximum possible points) *100
- Class participation grade:
88 if student never misses class (without excuse) and never speaks or messages. This number is multiplied by the fraction of times the student was present in class. Then the grade is raised according to how frequently a student answers or asks questions. Corrections of my lecture errors are especially noted. Also, participation during breakout room problem solving sessions may have a positive impact.

2. The students are sorted in the order of decreasing overall points.

Grades are then decided as follows:

Division between A and A- : Largest gap between two students with $90 \geq$ overall points > 85

Division between A- and B+ : Largest gap between two students with $85 \geq$ overall points > 80

Division between B+ and B : Largest gap between two students with $80 \geq$ overall points > 75

Division between B and B- : Largest gap between two students with $75 \geq$ overall points > 70

Division between B- and C+ : Largest gap between two students with $70 \geq$ overall points > 65

Division between C+ and C : Largest gap between two students with $65 \geq$ overall points > 60

Division between C and C- : overall points ≥ 60 (no gap here, 60 is C, 59.9 C-)

Division between C- and D+ : Largest gap between two students with $50 \geq$ overall points > 45

Division between D+ and D : Largest gap between two students with $30 \geq$ overall points > 25

Division between D and D- : Largest gap between two students with $5 \geq$ overall points ≥ 0

(never happens)

E: Given to students for honesty violations

The class participation grade is designed so that a student who attends class regularly will not have an A grade lowered even if s/he never speaks. It helps attending students with lower overall points. Even though it is only 5%, it may have 1/3 grade point effect by moving a gap. And it may be critical in helping a student reach 60%

Other: Do not hesitate to ask questions both in class and outside class.

ADDITIONAL INFORMATION

Class Recordings

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Students Requiring Accommodations

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://www.dso.ufl.edu/drc>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor (Me or Cynthia Sain)
- Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <http://www.counseling.ufl.edu/cwc>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu. <https://lss.at.ufl.edu/help.shtml>.

Career Resource Center, Reitz Union, 392-1601. Career assistance and counseling. <https://www.crc.ufl.edu/>.

Library Support, <http://cms.uflib.ufl.edu/ask>. Various ways to receive assistance with respect to using the libraries or finding resources.

Teaching Center, Broward Hall, 392-2010 or 392-6420. General study skills and tutoring. <https://teachingcenter.ufl.edu/>.
