#### Policies for Assignments, Make-Ups, and Privacy

- a Students will be assigned homework from the textbook each week, which should be completed by Wednesday of the following week (about 10 days from posting). Bonus problems will sometimes be posted.
- b Homework will be collected for grading on days listed in the Assignments section on Canvas. Homework submissions must be on Canvas as a scanned pdf or some other common format (docx, xlsx, py, etc).
- c You should not submit homework on days where there are quizzes – only homework assignments with points next to them should be submitted.
- d Collaboration on homework is encouraged, but make sure you are properly distanced from one another. Zoom may be the best option. The submitted solutions must be your own work – copying homework solutions from any source is an academic honesty violation for all parties involved.
- e Solutions to homework problems, quizzes and tests will be posted after they have been graded.
- f Assigned reading will be included in each weeks overview (wk\*.pdf). Students are expected to be familiar with the material covered in assigned readings, as well as from class and homework.
- g Students can also access the notes I prepared last year (see Files/Notes on Canvas). If I make substantial changes I will post updates.
- h Quizzes and Module tests are scheduled in the Assignments section on Canvas.
- i All quizzes will be closed book – no additional resources are permitted. They will be during class time.
- j All Module tests and the Final are open book and open notes. You may not access internet web sites during these tests. They will be on the scheduled days at times to be determined.
- k The Module tests and Final will require the use of Python (or Excel if you insist) to compute solutions to numerical problems. Students may bring programs to these tests as well as notes an books.
- l You are responsible for all announcements made in class.
- m Requests for re-grading of assignments and exams will only be considered within a one-week period from the time graded work is returned.
- n Grades for individual assignments, quizzes, and tests will be posted on the web. Throughout the semester, you should ensure that they are entered correctly. Corrections will be considered only within a two-week period after the grades have been posted on the web.
- o Students may request a makeup for any activity sponsored by the university, for health reasons, and for family emergencies. Other reasons at the instructor's discretion, but will typically not be allowed. Makeup tests and quizzes will be given at the end of the semester. There will be no make up for the final exam except for health or family reasons. In such cases the student will receive an Incomplete grade, with a makeup to be given the following semester. Request for a make up must be made at least 1 week in advance of the test.
- p Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited. Note: if I cannot see you during quizzes, you will need to take them under Honorlock.
